HE HATES HUNS NOW

AMERICA'S SOLE BUSINESS IS TO KILL THEM, SAYS CAPT. FINCH

TOLD OF TRIP TO FRANCE

Red Cross and Y. M. C. A. Are Proving Greatest Factors In Helping Win the War—Hundreds Hear Him

"Before I went to France and saw and heard for myself I had a feeling that we should not hate the Hun, but rether his ideals and the things he stood for, but I have come back hating him with a bitter hatred—that means that our business is to kill Germans—kill them as fast as we can until they are beaten into submission, before we can make the world safe to live in." Such was the statement of Capt. Robert L. Finch, member of the publicity department of the American Red Cross, and former Maryville pastor, who spoke for over two hours yesterday afternoon, relating his experiences in France during the six weeks he was there in the interest of the Red Cross. Capt. Fnch held his audience deeply interested while he told of his trip through France, where he visited many Red Cross and army hospitals in the cities and towns, and was also permitted to spend some time with the American troops at the front. The story told gave a closer insight into the war and its methods and a deeper appreciation of what America is trying to accomplish over there both by armies, Red Cross and Y. M. C. A., than the message of any other speaker who has appeared here.

Capt. Finch said he found that the Hun had nothing in common with the spirit of Americanism and that it was out of the question to try and talk brotherhood and love to him and that his sense of justice was limited to "might makes right."

"The American Red Cross saved the day for France and saved France," said Capt. Finch. "The French were about ready to quit just before last April. They were tired, they were broken, their country was devastated and homes were desolate when the Red Cross came and by taking care of the children and invalids and refugees, and with assurance that the 'Yanks' were coming, new life and spirit were instilled into the fighting men that saved them from being utterly crushed in the battles that followed. And France is worth saving," declared Capt. Finch, "for there are many things in French national and individual life that Americans should have and many things that we have that should be given to France."

Capt. Finch was permitted to spend some time in the front line trenches visiting with companies that adjoined the one to which Frank McDougal belonged, where he heard the details of the capture of McDougal and his comrades. He told of seeing a picture in France showing the American prisoners in Germany being shown about the cities in cages, and among them he recognized young McDougal.

Capt. Finch spoke at length of the work of the Red Cross and Y. M. C. A., both of which are proving to be the greatest factors in helping to win the war, proving the means for keeping up the morale of both fighting men and civilians in addition to relieving the terrible conditions of want that prevail throughout the entire country. The women, he said, were in service in the dangerous places alongside the men.

Capt. Finch brought back a number of interesting reminders of his trip, among them being a bloodstained program picked up by him on the floor of the church wrecked by the German long range gun, when nearly one hundred persons were killed while at worship, a gas mask, pieces of barbed wire from the entanglements, shells, etc.

"When you read of an air raid," said Capt. Finch, "and are told of the number of persons killed, don't put much credence in the report, for the French police have a wonderful manner of camouflaging their news. An air raid is a very terrible thing and when one occurs great damage is done and many people are killed. A bomb may completely wreck a five-story building, going through to the basement and exploding."

Capt. Finch's lecture was given for the benefit of the Maryville auxiliaries. Capt. and Mrs. Finch and little son left immediately after the lecture for Kansas City, Capt. Finch going to Texas to lecture. He will remain in the south during the summer in publicity work for the Red Cross.

SHOW BIG INCREASE

POLAND-CHINA ASS'N BUSINESS MAKING BIG GAINS

TO GIVE FAIR PREMIUM

100 Silver Cups Will Be Awarded In All Classes at State Fairs—Contest for Members Is On

The Standard Poland-China Record Association is showing a good increase in business this year over the same corresponding period of last year. One hundred fifteen new members have been secured since December 22, 1917, as compared to fifty-four new members the corresponding period of a year ago.

The receipts from recording pedigrees for January, February, March and April amounted to $7,097.20. During the entire year last year it was $13,021.05. This shows a big gain.

As the best season of the year is the fall and early winter months, Secretary Frank Garrett of the association expects to show an increase in the business of nearly 75 per cent greater than last year, which was the best in the history of the association.

The association has ordered one hundred silver cups as premiums at the different state fairs this year. Silver cups will be offered in each class represented at these fairs. A large silver cup will be given to the grand champion sow, any age, and also to the grand champion boar, any age. In addition many pig clubs have been organized.

A contest for new members of the association is now going on, the premiums being Poland-China pigs to the successful contestants securing the most new members.

HEADS VOICE DEPARTMENT

Miss Jennie Garrett Will Take Charge of That Department of the Maryville Conservatory of Music

Miss Jennie Garrett, who has been away on a leave of absence from the Conservatory, has returned and will take charge of the voice department this week. Miss Garrett studied during the past year in Chicago with Chas. W. Clark, the world-famous baritone. Owing to the war, Mr. Clark came to Chicago three years ago from Paris where he had taught fifteen years. He is called "The Song Master of the World." It was after hearing Mr. Clark in recital in Paris that Madame Marchesi said: "There is only one such artist in the world. I know, for I have heard them all."

Miss Garrett is very enthusiastic over her year's work with Mr. Clark and feels that she has a wealth of new ideas.

ADMISSION 10 and 15c

HOLD S.S. MEETINGS

TOWNSHIP CONVENTION IS HELD YESTERDAY IN THREE TWPS.

THIS WEEK'S PROGRAM

Special Services at All Churches On Wednesday Night—Friday Night a Union Service at Christian Church

With sermons in most of the churches yesterday, "Children's Week" a nation-wide movement to increase interest in spiritual education for children, was started, to be followed on Wednesday night of this week with special services at each of the churches in connection with prayer meeting. Friday night at the Christian church there will be a union meeting of all the Sunday schools, when a program will be given, together with picture slides showing the nature of the work to be accomplished. The service will be free.

Yesterday the first of the township Sunday school conventions were held in several townships. In White Cloud the convention was held at Pleasant Grove church.

A large and enthusiastic audience was in attendance, reports of the various departments being given by the township superintendents. The program, which was given by G. B. Roseberry, Mrs. R. M. Barry and Prof. H. A. Miller, was interesting and instructive. A business session was held and officers were elected for the ensuing year as follows: President, R. T. Jones; vice president, Chas. Russell; secretary, Miss Inez Key; treasurer, Mrs. Goff; superintendent of elementary, Mrs. O. K. Smith; superintendent of secondary department, Mrs. K. Hiter; superintendent of adult and home department, Mrs. W. Conlin; superintendent of administration, T. A. Parrish.

The Monroe township convention was attended by the following county workers: Prof. Bert Cooper, Mrs. I. E. Tulloch. The following officers were elected: President, W. G. Reynolds; vice president, H. M. McDaniel; secretary, F. H. Barrett; treasurer, Fred M. Barrett; elementary supt., Miss Fannie Albright; secondary supt., Miss Sylvia Hughes; adult and home supt., Mrs. W. F. Linville; administration supt., Mrs. Will Leyman.

The following workers represented the county Sunday school association at the Washington township convention, which was held at Guilford: Miss Eva M. Davis, Prof. Lewis and E. M. Claypool. There was a good attendance of Sunday school officers and teachers, each of the three Sunday schools in the township having a fine delegation of workers present. Some of the definite results of the convention are decisive steps were taken for the enrollment of teacher training students next Sunday in two of the Sunday schools and the registration of teen age classes in the schools that have not already registered their classes; also plans were made to hold workers' conferences regularly, and when these plans have been carried out two of the Sunday schools will have attained the 100 per cent standard of organization. The following officers were elected: President, Ollie Davis; vice president, Florence Skidmore; secretary, Ruby Davis; treasurer, Virgil Laughlin; elementary supt., Luna Wells; secondary supt., May Ham; adult and home supt., Maurice White; administration supt., F. L. Clayton.

CANDIDATES GETTING READY

S. H. Williams Files for County Judge—Chas. McCaffrey and Ellis Cook Will Run for County Attorney

S. H. Williams of Burlington Junction filed Saturday with County Clerk Fred Yeomans as a candidate for presiding judge of the county court on the Democratic ticket, subject to the decision of the voters at the primary in August. Mr. Williams is the first candidate to file. It is understood that Judge W. M. Blackford will be a candidate for re-election.

Charles McCaffrey and Ellis G. Cook filed this morning for the Democratic nomination for prosecuting attorney.

The nominees to be selected at the August primary are for representative, prosecuting attorney, county clerk, circuit clerk, probate judge, recorder, members of the county court. The last day for filing is June 6.

SCOUTS ADD $5,890

MAKE GOOD SHOWING IN LOAN DRIVE DESPITE HANDICAP

SERVICE MEDALS TO TWO

Members of Five Patrols Take Part In the Campaign—Banks Received Many Late Subscriptions Saturday

With a late start in the third Liberty Loan campaign, entering the drive after the other committees had thoroughly canvassed the city, Boy Scouts last week succeeded in adding a total of $5,890 to Maryville's quota, selling bonds to fifty-seven different persons. Black Bear patrol of Troop 1 reported the largest number of bonds sold, twenty-two, and will receive the prize of $25 awarded by Chairman W. C. Pierce. Beaver patrol of Troop 1 was second with eighteen bonds to its credit, and Eagle patrol was third with thirteen bonds sold.

Two Scouts succeeded in selling the required ten bonds entitling to war service emblems from the United States government. They are Floyd Cook of Troop 1 and James Shearer of Troop 2. The former sold thirteen and the latter ten bonds.

The largest bond sold was $1,000, being credited to Troop 1. A $600 bond was shown in the report of Troop 2. Seventeen Scouts reported sales of bonds.

Saturday was a busy day with the banks, as many late subscriptions to the loan were received. Chairman W. C. Pierce stated this morning that because of these late subscriptions it would be impossible to give the actual figures for Nodaway county. It is estimated that Nodaway's total will go considerably over a million dollars.

YEHLE WON PLACE IN MEET

Was Fourth at Columbia in Running High Jump, In Which State Record Was Broken

Ralph Yehle, star of the M. H. S. track team, took two places in the state high school meet at Columbia Saturday, getting fourth in both running high jump, in which the state record was broken, and in the broad jump.

In the running high jump Yehle made a record of 5 feet 9 inches, equalling the record made by Bob Simpson. The winner of the event made a new record of 5.10, and two men tied for second place with 5.9½. Yehle's record in the broad jump, in which he was fourth, was 19 feet 11½ inches. Yehle beat the record made by Murphy at the Normal meet in the high jump an inch and a half.

BOYS ARRIVE IN FRANCE.

Members of Second Contingent Have Arrived Safely Over-Seas

Friends and relatives of Leo Roney, Charley Hoshor and Ray O'Grady of Maryville, Ralph Folden of Quitman, Garland Headrick of Burlington Junction and Mike Gaa of Conception are now receiving cards and letters telling of their safe arrival in France.

The boys were among the second contingent which left Maryville, September 19, for Camp Funston, where they remained during the winter months. They were then transferred to Camp Stuart, Newport News, Va., and sailed from there on Saturday, April 6.

Hannibal H. Wright and Hoyt Craig of Ravenwood left today for St. Louis to enlist in the navy.

WAR WORK OF D. A.R.

MARYVILLE CHAPTER HAS BEEN ACTIVE FOR WAR RELIEF

NEW OFFICERS ARE NAMED

Mrs. Will Montgomery Is Elected Regent—Chapter Will Present Home Guards With a Flag

The D. A. R. chapter held their last meeting of the year Saturday afternoon at the home of the regent, Mrs. Charles T. Bell, giving their welcome to the new members, their report from the national convention and the election of officers.

During the last year the D. A. R. chapter of Maryville held no social meetings, but devoted their time to war relief work, and in that time have raised the following sums of money: $48 for the Missouri D. A. R. ambulance fund; $10 for the Y. M. C. A. fund; $10 for the Red Cross fund; $29.50 for the restoration of the village of Tilloloy, France, which was destroyed during the war; and $65 for the third Liberty Loan, making a total of $199. Besides raising this amount, the chapter was also instrumental in raising $176.35 on tag day for the French war orphans, and $109 for the Red Cross through the benefit picture show, "Rebecca of Sunnybrook Farm," making a grand total of $486.35.

As retiring regent, Mrs. Bell gave the sum of $36.50 to be given in the name of the chapter to the French war orphan fund. This amount will keep one child one year.

The D. A. R. chapters of Missouri are supporting a Camp Mother at Fort Leavenworth, Fort Riley, Kans., and Fort Sill, Okla. This fund is known as the Camp Mothers' fund and the Maryville chapter at their meeting Saturday voted $15 to be given to this fund. They expect to enlarge this fund and will appreciate any contribution which may be given. They also voted $10 to the Red Cross drive to be started in May and to present the Home Guards with a flag.

Mrs. D. E. Mills of the Maryville chapter was sent as a delegate to Washington, D. C., to attend the D. A. R. Continental Congress, held the week of April 19. The report which was brought back by Mrs. Mills was read at the last meeting by Miss Ethel Embree.

During the summer months the D. A. R. auxiliary of the Red Cross will continue the splendid work which they have been doing the past several months. They will again open their regular club meetings in the month of October under the new officers elected as follows. Regent, Mrs. Will Montgomery; vice regent, Mrs. Joseph Jackson, Jr.; treasurer, Miss Mary Evans; recording secretary, Mrs. LeGrand Gann; corresponding secretary, Miss Katherine Helwig; historian, Mrs. C. C. Corwin; registrar, Mrs. D. J. Thomas; librarian, Miss Ethel Embree; custodian, Miss Elizabeth Leet; and directors, Mrs. C. H. Coe and Mrs. Fred Harvey.

During the last two years twenty new members have been added to their membership list making a total of 67 members, and papers of one more applicant for membership are now pending in Washington. The reports show splendid work in the last two years.

SKIDMORE SELLS FLAG-$1,304

Monroe Township Red Cross Branch Established a Record for Amount Received at Auction Sale

Red Cross branches in Nodaway county must take their hats off to the Skidmore branch. The Monroe township members have made a record of which any community would be proud, having recorded total sales at two public auctions of $3,800, with forty or fifty hogs of more than 200 pounds weight yet to be sold.

The sale Saturday was a continuation of the sale begun the Saturday previous and which was stopped because of rain. The feature of the sale Saturday was the auctioning of an American flag that sold for $1,304.

In recognition of the services of C. A. Manifold, auctioneer, who made two trips from Tarkio to give his services, the committee presented him with a cake and a number of chickens. Mrs. M. Moore, Red Cross instructor and worker, also gave a large amount of her time to making the sale a success.

Mrs. Clara Buck spent the week end in St. Joseph with friends.

GRANTED ROAD PETITION

New Road Between Union and Polk Townships; Also One West of Burlington Jct. Will Be Approved

The county court in session today granted petitions for two new roads. One of the roads is on the township line between Union and Polk and will extend about three-fourths of a mile east from W. A. Burks. The other new road is west of Burlington Junction, about a half-mile in length. This new road will do away with the old winding bridge over the old channel of the Nodaway river on the road to Tarkio. The court will move the bridge over the channel of the drainage ditch to where the new road crosses that ditch, and intend to use a bridge north of Clearmont for the bridge over the old channel of the Nodaway. The old Burlington Junction bridge is to be used on the Clearmont-Braddyville road, which road is a direct route north of Clearmont to Braddyville.

Out of His Range.

A young man stepped into a sporting goods store recently, relates the Indianapolis News, and asked to see some guns. His remarks indicated that he was a sportsman of a decidedly amateurish sort. The obliging salesman brought forth all manner and varieties of weapons, from a .22-caliber rifle to latest model "pump" gun, but nothing brought any response of satisfaction into the young fellow's face. Finally the salesman handed him a high-power rifle, used for big game, with the remark, "This beautiful little gun, sir, is just what you want, I believe. It kills at 3,000 yards." The young man shook his head, more in doubt than ever. "No," he said, "I am afraid I couldn't use it at all. You see, I have to get much closer than that."

Rheumatism Back on the Job With its Old-time Fury

No Let-Up In Its Torture.

Pretty soon you will be reaching for the liniment bottle again, for the millions of little pain demons that cause Rheumatism are on the warpath. Winter weather seems to awaken them to renewed fury.

But your Rheumatism cannot be rubbed away, because liniments and lotions cannot reach the disease. It is in the blood, and only a remedy that goes deep down into the circulation, and routs out the disease germs, can rid you of this disabling disease.

S. S. S. has given some wonderful results in treating Rheumatism. Being a purely vegetable blood remedy, it purifies the blood of every germ, and thus removes the cause of Rheumatism. Get a bottle to-day at your drugstore, and start on the right treatment that will get results. Free advice about your case can be had by writing to Medical Director, 26 Swift Laboratory, Atlanta, Ga.

For those who knit. It is necessary to have the ends of yarn spliced and not tied. Also a number of sweaters have been received that are not crocheted around the neck and armholes. Please see that this is done.

Auxiliaries that send in boxes of articles should see that a list of all articles and the nam eof the auxiliary accompanies the shipment. Boxes are often left by parties coming to headquarters in which there is nothing to designate from whom it came or what is in the box.

The Nodaway chapter now has sixty-two working auxiliaries, with several on file waiting to be approved.

Advice has been received from headquarters that boxes Nos. 87, 88 and 89 have been shipped over-seas. The first contained knitted goods; the other two surgical dressings.

The shipment last week to headquarters consisted of 23,135 surgical dressings, 20 pairs socks, 39 sweaters, 1 muffler, 13 helmets, 33 pairs wristlets, 4 comforts, 6 infants' quilts, 3 pillows, 1 child's coat, 5 boys' shirts, 40 pinafores, 7 pairs knitted drawers, 6 child's hoods, 39 undershirts, 30 dresses, 40 hospital bed shirts, 40 hospital drawers and 50 property bags.

Shipments were received last week from the following auxiliaries—Barnard: 1,460 surgical dressings, three sweaters, 24 hospital shirts. Community Workers: 375 4x4 wipes and 1 sweater. Miss Hinchencliffe, field secretary for the southwestern division on her recent visit here said that of all the towns in Missouri she had visited that Maryville was the ony one in which the colored women were working.

A vacant lot close to the old seminary and owned by Helford Botkin is available for use for anyone who desires to cultivate a crop for the Red Cross. The lot is 72x132. Information may be had from G. B. Roseberry or M. J. Alderman.

The notice in last week's column that the Farmers Phone Co., would furnish service if some one would give an instrument met with speedy response by O. L. Holmes, who brought a good instrument. It is now installed and the chapter is under obligation to him for the gift.

A well known Maryville man who is too modest to allow his name to appear in print donated last week a fine victrola to the Red Cross to be sent to Camp Funston for use by the Nodaway county boys. A number of ladies quickly supplied a number of records.

Does the following apply to the workers in Maryville as to the Lincoln, Nebr., women war workers? "To be or not to be silent while working at Red Cross headquarters has been one of the burning questions for some time. Some of the ladies who are in charge of tables say that they are nervous after listening for several hours at a stretch to the incessant chatter of several hundred feminine voices. Says a lady who has a son at the front: 'Many more women would work at Red Cross headquarters if it were more restful. I know some women with sons 'over there' who cry all night long after spending an afternoon at headquarters. It isn't only that the noise is nerve-racking, but the conversation is naturally about the war and the things that are some times told bring mothers almost to the breaking point. It is hard enough to bear up while working on bandages for the wounded without hearing awful things. When I was in Chicago I visited several Red Cross rooms and in none of them was visiting allowed. There is another side to the question, however. Many busy women who work at the Red Cross rooms use all their leisure time for the purpose. At home while over their housework they are probably alone and if unable to chat with other women while making bandages are cut off altogether from social intercourse. A number of clubs have given up club meetings altogether in order to devote that much extra time to the Red Cross with the direct understanding that their members will be able to sit together at tables if they met on club days and chat over the work. A suggestion was passed along last week that workers modulate their voices and be reasonably quiet. Without infringing too much on feminine liberties it seems that placards could be hung requesting that war topics be not discussed.'"

The Red Cross chapter of Franklin, Pa., has solved the problem of reaching the hitherto unorganized farmers' families in the vicinity. The chapter inserts in the local papers an advertisement stating its willingness to help out-of-town groups, and then awaits results. Invariably a call is received sooner or later to meet some interested women. There may not be more than four or five persons present, but the news that such a meeting has been held and that others have been arranged for is printed in the nearest paper; and, once started, the work grows itself. One of these country clubs now numbers 70 women. The Franklin chapter members found the farmers' wives interested and eager to help and to learn, though somewhat timid about starting out by themselves. They supply the needed initiative. A feature of the meetings is the presence of women industriously knitting. It has been found that knitting is contagious; no sooner does one person do it than another wants to try. The chapter also has ten sets of model garments which it loans to these branches and auxiliaries until the women make a set of their own.

The Harmony community auxiliary held their regular meeting last Tuesday. They used three bolts of muslin, making 195 many tailed bandages. Twenty-eight members were present. They had an average per member of two hours and fifty-five minutes, which made seventy-two hours for the afternoon's work.

MARCH TO VICTORY

Courage is a matter of the blood. Without good red blood a man has a weak heart and poor nerves.

In the spring is the best time to take stock of one's condition. If the blood is thin and watery, face pale or pimply, generally weak, tired and listless, one should take a spring tonic. One that will do the spring housecleaning, an old-fashioned herbal remedy that was used by everybody nearly 50 years ago is still safe and sane because it contains no alcohol or narcotic. It is made up of Blood root, Golden Seal root, Oregon Grape root, Queen's root, Stone root, Black Cherry bark—extracted with glycerine and made into liquid or tablets. This blood tonic was first put out by Dr. Pierce in ready-to-use form and since then has been sold by million bottles as Dr. Pierce's Golden Medical Discovery. If druggists do not keep this in tablet form, send 60 cents for a vial to Dr. Pierce's, Invalids' Hotel, Buffalo, N. Y.

Kidney disease carries away a large percentage of our people. What is to be done? The answer is easy. Eat less meat, eat coarse, plain food, with plenty of vegetables, drink plenty of water between meals, and take an uric acid solvent after meals for a while, such as Anuric (double strength), obtainable at almost any drug store. It was first discovered by Dr. Pierce. Most every one troubled with uric acid finds that Anuric dissolves the uric acid as hot water does sugar. You can obtain a trial package by sending ten cents to Doctor Pierce's Invalids' Hotel and Surgical Institute in Buffalo, N. Y.

RED CROSS WORK IN CANTONMENTS

Between 65 and 75 Field Directors and Assistants Are at Work Constantly in Southwestern Division

St. Louis, May 4. — Five hundred thousand dollars has been spent by the division of Military Relief of the southwestern division of the American Red Cross in the cantonments and camps of that division for the relief and comfort of soldiers since the first of last December.

Stanley Stoner of St. Louis, director of this work, gave out this announcement on the eve of his departure for Washington, where he was called for consultation with high officials of the Red Cross.

This sum does not take into account the money which has been put into knitted goods which have been distributed to the soldiers encamped in this division. The total distribution of knitted goods to March 31 amounted to 629,978 articles, as follows: Sweaters, 331,338; mufflers, 46,846; wristlets 56,334; helmets 31,449; socks 140,089; wool socks 13,014.

Stoner announced also that the Red Cross has under construction at the seven big cantonments in this division Red Cross center houses. They are being erected at a cost of $140,000. The purpose of the buildings is to furnish a lounge and rest room for convalescent soldiers, an administration center for the field director of the Red Cross; an emergency lodging to be used in critical cases only for relatives of soldiers who are dangerously ill, emergency housing for Red Cross nurses, and facilities for the entertainment of convalescents and the hospital and Red Cross staffs.

It frequently is the case that parents of soldiers who are dangerously ill are unable to find any kind of accommodations at the camps; there is at present little or no entertainment for convalescents; there are no adequate provisions for the Red Cross nurses and the Red Cross field directors have no center from which to direct their activities. The Red Cross houses now built at Camps Funston, Pike, Bowie, MacArthur, Logan, Travis and at Kelly Field are expected to obviate all of these difficulties.

The center house at Camp Logan, Houston, Texas, almost is ready for occupancy and will be dedicated first. George W. Simmons, manager of the southwestern division of the Red Cross, will make an address at the dedication and other notables will speak. The date has been set for May 19, the day before the beginning of the Red Cross campaign for $100,000,000.

Between 65 and 75 Red Cross field directors and their assistants are laboring constantly for the good of the soldiers in the camps of the southwestern division under the direction of Mr. Stoner. The Red Cross has taken the attitude that nothing must be left undone for the soldier which should be done for him. The activities of the Red Cross in this connection vary from furnishing necessary medical supplies for camp hospitals, when the government store has run short or when shipments have been delayed, to providing ambulances for sick soldiers who are too ill to be transported in wagon ambulances; from furnishing sweaters, blankets, etc., to installing laundries. In short, whatever can be done for the men in the camps, who soon are to cross the Atlantic to fight the devastating Hun, and which the government finds it expedient to do, the Red Cross steps in and does, and does it well and promptly.

Peace Disturber Fined $7.70.

Green Thomas, colored, today pleaded guilty before Mayor W. O. Garrett in police court to disturbing the peace and was fined $7.70, which he paid. The prosecuting witness was Frank Boyd, also colored. Thomas was arrested yesterday, following a near-fight that occurred at the corner of Third and Main streets.

THE MAKING OF A FAMOUS MEDICINE

How Lydia E. Pinkham's Vegetable Compound Is Prepared For Woman's Use

A visit to the laboratory where this successful remedy is made impresses even the casual looker-on with the reliability, accuracy, skill and cleanliness which attends the making of this great medicine for woman's ills.

Over 350,000 pounds of various herbs are used anually and all have to be gathered at the season of the year when their natural juices and medicinal substances are at their best.

The most successful solvents are used to extract the medicinal properties from these herbs.

Every utensil and tank that comes in contact with the medicine is sterilized and as a final precaution in cleanliness the medicine is pasteurized and sealed in sterile bottles.

It is the wonderful combination of roots and herbs, together with the skill and care used in its preparation which has made this famous medicine so successful in the treatment of female ills.

The letters from women who have been restored to health by the use of Lydia E. Pinkham's Vegetable Compound which we are continually publishing attest to its virtue.

Soldier's Letters

HE'S JUST "DOING HIS DUTY"

Mothers Should Honor Sons Who Are Willing to Fight for Country

The following letter is from Chas. F. Hoshor, son of Mr. and Mrs. W. D. Hoshor of the White Cloud neighborhood.

"Dear Mother and Father:—

"Ha, ha! Whoopee! We are over here, and where will we go from here? We will make the old Hun shed a tear and pop him in the rear, and will be back to eat turkey with you Christmas. How is that? It might take a year, and it might take ten, but we will get him if it takes a hundred years. I don't want to come back till we whip the old devil, and then I am coming back to live and die a 'clodhopper', if I do 't get mine over here; but if I do I will always feel that I have done my duty. I am sure glad I am here, and I mean it. I wish you could have seen me the second day at sea. I never ate or drank for four days, I was so sick. It sounds funny now. I said they would have to build a railroad across, tunnel under, dry up or freeze over before I would ever go back, but I feel like a spring chicken this morning; feel extra good and well. Mother, don't worry. You can do nothing but pray to God that all will be right in the end. If your boy dies over here, don't worry. Just say he has done his duty and are glad that you had a boy who was able to do his duty for our country. I am not hurt yet, and expect to come back as good a man as when I left. I am not worrying. All we think of is we can't stay here, but do not know where we will go, so it matters little. I want to get some good training now and then the dirty Hun had better keep his head down.

"CHAS. F. HOSHOR."

Will You Have To Replant?

You probably will not have to replant your corn, if you test your seed and make sure it is good, or plant seed that has been recently tested and showed good test.

If you don't have seed corn of your own that will grow, we can fix you out, good straight seed that will please you.

Come and See Our Seed Corn

You can drive right here in your car and see the seed, find out all about it, and take it home with you in your car. That way there is no delay.

If You Do Have To Replant

We can fix you out at the last minute with something to replant with. We will not hold you up on the price either. You can come after it, or wire, or phone, or any way that suits you.

Prices on Seed Corn $4.00 to $10.00

The prices on seed corn run from $4.00 to $10.00 per bu. according to variety and test. We sell it to you for what it is worth and tell you exactly what it tests, and you get your money's worth on any of it.

Plenty of Hayseed

Hay is going to be some object this year, and we will all have to plant lots of rough stuff for forage and fodder. Stuff that you plant on waste land or as a catch crop where you have failed to get a stand of other crops. We look for an enormous demand for cane, and millet, and kaffir, and all such crops late in the season. Along in May and June there will be the worst rush you have ever seen, stocks low, and prices rising. Remember how it was last year. We refunded thousands of dollars, late. Better get busy and order while you can. We have big stocks on hand now and can make these prices, for quantities. Small lots higher.

Fodder Cane	$4.00 per bu.	Sudan Grass	.25 per lb.
Millet	3.50 per bu.	Dwarf Essex Rape	.15 per lb.
Kaffir and Milo	3.00 per bu.	Cow Peas	.06 per lb.
Feterita	4.00 per bu.	Soy Beans	.10 per lb.
Ensilage Corn	4.00 per bu.	Canada Field Peas	.06 per lb.
Buckwheat	3.00 per bu.	Fodder Millet	3.25 per bu.
